### **CHATTANOOGA, TENN.**

#### **Wells—Record of Locations—Analysis of Water—To Be Filled When Contaminated. (Ord. 1492, Sept. 28, 1914.)**

SECTION 1. That it shall be the duty of the owner or person in control of any premises, within the corporate limits of the city, on which there is a well to report within 30 days after this ordinance takes effect at the office of the commissioner of the department of education and health the location of all such wells on his premises, and thereafter, once during each calendar month, to furnish at said office in the municipal building a sample of the water from such wells.

SEC. 2. That there shall be kept in said office a record showing the location of all wells reported as provided in section 1, and that it shall be the duty of the commissioner of the department of education and health to have all samples of water furnished to him, as provided in section 1 hereof, analyzed by the city bacteriologist. If, upon such analysis, any such water shall be found to be infected or deleterious to health or in such condition as to produce disease, said commissioner shall at once notify the owner or person in control of the premises on which the well from which such water has come is located.

SEC. 3. That it shall be the duty of any person receiving notice from the commissioner of the department of education and health, as provided in section 2 hereof, to immediately stop the use of water from the well in question for drinking purposes, and within 10 days cause said well to be filled or stopped up, so that water can be used only from it for other purposes than drinking.

SEC. 4. That any person violating any of the provisions of this ordinance shall, upon conviction, be fined not less than \$2 nor more than \$5 for each offense, and each day upon which such person shall be in default shall be deemed a separate offense.
